

Vista Toweling and Wovens

Pieces TO Treasure
BY JENELLE KENT

Vista: a pleasing view.

Wherever I go I like to find time to take walks in the natural environment and enjoy the views. I am always struck by how Mother Nature has combined the colours and textures to make the scenic vistas just perfect.

I am inspired by how the mossy greens of the trees and plants, meet the rusty coloured tree trunks and jagged, rocky cliffs which plunge into the deep blue sea. The warm whites and subtle neutrals of the sand and river pebbles add texture and contrast to nature's palette.

Vista's woven stripes and checks will add texture, dimension and directionality to quilts and other projects. The variety of scale in this collection provides versatility and individuality for your

quilting creations. Select from this range to create contemporary, masculine or scrappy looking quilts or aim for gentle, neutral quilts with a hint of leafy green for a soft and pretty project.

With thirty woven fabrics to choose from, combined with twelve 18" wide towelings to create coordinating pillows, table runners and more, whatever project you choose to stitch, this line will combine to create your own beautiful vista.
